Sedgeberrow Church of England First School

Last reviewed: October 2023

Our vision underpins our Anti-Bullying Policy. The children live through our values and are kind to each other. The children have the emotional literacy to challenge behaviour associated with bullying

Our vision is to ensure that every child achieves happiness, emotional and physical wellbeing and the opportunities to develop an understanding of their own spirituality. Through this vision our children flourish with kindness as individuals and achieve their best. All children will grow a lifelong love of learning, a love for others and our world and a love for themselves.

Anti-Bullying Policy

Keeping children safe from bullying is seen as an integral part of our responsibility in safeguarding children.

The aim of the anti-bullying policy is to ensure that pupils learn in a supportive, caring and safe environment without fear of being bullied. Bullying is anti-social behaviour and affects everyone; it is unacceptable and will not be tolerated. Only when all issues of bullying are addressed will pupils be able to fully benefit from the opportunities available at schools.

Bullying is defined as deliberately hurtful behaviour, repeated over a period of time, where it is difficult for those being bullied to defend themselves. bullying is:

- physical (hitting, kicking, theft)
- verbal (name calling, racist remarks)

- Pupils who have bullied will be helped by discussing what happened, establishing the wrong doing and the need to change. These will be recorded on a behaviour recovery sheet.
- Consequences will include official warnings to cease offending, isolation in class, loss of breaktimes, removal of privileges eg. Golden Time.
- Parents of bullies will be informed to help change attitude of the pupil. Advice from the Child Educational Psychologist or Pupil Referral Unit may be sought if necessary.
- Pupils may be put onto a Pastoral Support Plan if they continue to bully. In extreme cases temporary or permanent exclusion may be considered.
- Parents of victims will be informed of action taken.

All incidents of bullying are logged as part of the safeguarding process.

Bullying and Special Educational Needs and Disabilities

We recognise that children with Special Educational Needs and/or Disabilities may be more susceptible to bullying, that they may not recognise bullying behaviour, that they are being bullied, that their own behaviours may be seen by someone else as bullying, or that they are being provocative and therefore inflaming bullying situations.

It is acknowledged that some children and young people may have difficulty remembering things so it may be necessary to act very quickly while the child can remember what bullying took place. They may have specific difficulties telling people about bullying or reporting it; therefore, staff will need to provide extra support including the need for staff to carefully check the child's understanding of the situation.

A whole school approach to anti-bullying is the most effective way to ensure that all pupils' wellbeing is paramount and that the children understand what is expected of them and others in terms of their behaviour towards one another.

This policy will be promoted and implemented throughout the school by all staff. It will be monitored on an annual basis and will be reviewed every three years.
