We believe that we promote good behaviour by creating a happy, caring school environment where everyone feels valued, respected, secure and free from all forms of anti-social behaviour.

We realise that pupils' behaviour improves and that they feel safer and happier in school if school personnel consistently apply this policy and maintain regular classroom routines.

We encourage pupils to achieve in a learning environment where self-discipline is promoted and good behaviour is the norm. Any form of low-level misbehaviour during lessons is not accepted as we believe pupils will achieve their full potential in a happy, stimulating and ordered school environment.

We are aware that during a school inspection, the inspection team will make a judgement on behaviour and attitudes by evaluating whether:

- we have high expectations of pupils' behaviour and conduct and whether these expectations are applied consistently and fairly;
- pupils:
 - have a positive attitude to their education;
 - are committed to their learning;
 - know how to study;
 - are resilient to setbacks;
 - take pride in their achievements;
 - attendance and punctuality is good.
- the relationships between pupils and school personnel reflects a positive and respectful culture;
- school personnel and pupils have created a school environment where all forms of bullying are not tolerated;
- school personnel deal with incidents of bullying quickly and effectively and they work hard to prevent bullying from spreading.

We are aware that we have the right to use reasonable force to control or restrain pupils in order to prevent personal injury, damage to property or the prevention of a criminal offence being committed but not as a means of disciplining pupils. This is always as a last resort and to keep all children safe.

We have in place a calm room specifically designed to provide an alternative environment for any pupil who is upset, distressed or acting in an unsafe manner (Blue Room). It is a place where school personnel can take individual children to talk about their concerns or worries or just to calm them down if something has upset or angered them.

We have a duty to ensure that all parents are aware of our 'legal powers to use parenting contracts, parenting orders or penalty notices to address poor attendance and behaviour in school.' Parents have a duty

to ensure their children are well behaved and attend school regularly as 'good behaviour and attendance are essential to children's educational prospects'.

We are aware that 'parenting contracts, orders and penalty notices for irregular attendance apply only to pupils of compulsory school age who are registered at a school' but they can also be applied for misbehaviour by pupils outside compulsory school age such as sixth form pupils or pupils at a maintained nursery. While 'penalty notices for parents of pupils found in a public place during school hours after being excluded also apply only to children of compulsory school age who are registered at a school.'

We have a duty to safeguard children, young people and families from violent extremism. We are aware that there are extremists groups within our country who wish to radicalise vulnerable children and to involve them in terrorism or in activity in support of terrorism. Periodic risk assessments are undertaken to assess the risk of pupils being drawn into terrorism. School personnel must be aware of the increased risk of online radicalisation, and alert to changes in pupil's behaviour. Any concerns will be reported to the designated safeguarding lead.

We are aware that under the 'Counter-Terrorism and Security Act 2015' we have the duty to have 'due regard to the need to prevent people from being drawn into terrorism'. This duty is known as the Prevent duty and we believe it is essential that school personnel are able to identify those who may be vulnerable to radicalisation or being influenced by extremist views, and then to know what to do when they are identified.

We provide a safe environment where we promote pupils' welfare. Within this environment we work hard to build pupils' resilience to radicalisation and extremism by promoting fundamental British values and for everyone to understand the risks associated with terrorism. We want pupils to develop their knowledge and skills in order to challenge extremist views.

We understand that Headteachers and school personnel authorised by them have the statutory power to search pupils or their possessions, without consent, where they have reasonable grounds for suspecting that the pupil may have a prohibited item.'

We have decided that the following items are prohibited in this school, namely; knives or weapons, alcohol, illegal drugs, stolen items, tobacco and cigarette papers, fireworks, pornographic images, any item that could be used to commit an offence or personal injury or damage to property. Any pupil found in possession of them will face disciplinary sanctions.

We have a duty to recognise and report all forms of harmful sexual behaviour and to discuss any concerns with parents provided that this would not put the child at risk.

We understand that 'harmful sexual behaviour is any behaviour expressed by children that is developmentally inappropriate, may be harmful towards themselves or others, or abusive towards another child or adult (Hackett, 2014).

We will report any form of sexual behaviour, such as:

- pulling down other children's skirts or trousers;
- looking up skirts;
- talking with others about sex and using adult slang words;
- talking about sexual activity as seen online or on television;
- repeated questions about sexual activity;
- displaying abusive or sexually violent behaviour;
- sexual assault;
- inappropriate sexual contact;
- following or leading others into secluded areas.

We believe in early identification and effective intervention of any form of harmful sexual behaviour that is displayed by a pupil or pupils. We strongly support the new Home Office-funded 'Harmful Sexual Behaviour Support Service' that provides advice and relevant resources for any school that has concerns about a child displaying any kind of harmful sexual behaviour.

We will not tolerate any form of sexual violence or sexual harassment and that pupils whose behaviour falls below expectations will be sanctioned. We expect school personnel to challenge all inappropriate language and behaviour between pupils. Under no circumstances will we normalise sexually abusive language or behaviour.

We work hard to:

- maintain high standards of conduct between pupils and school personnel;
- demonstrate model manners, courtesy and dignified/respectful relationships.

We will deal with all inappropriate online behaviour, including:

- bullying;
- the use of inappropriate language;
- the soliciting and sharing of nude or semi-nude images and videos;
- sexual harassment;
- criminal behaviour.

We are aware that many online behaviour incidents amongst young people occur off the school premises. We believe that parents are responsible for dealing with this inappropriate behaviour. But

when incidents affect the culture and reputation of the school or pose a threat or causes harm to another pupil then we will consider imposing sanctions if the perpetrator is identified as a member of the school.

We understand that before reporting a suspected incident of criminal behaviour by a pupil, we should first:

- make an initial assessment and gather enough information to establish the facts of the case;
- fully document all findings and preserve any relevant evidence.

Once a decision has been made to report the incident to the police, we will also report the incident to the local children's social care.

We wish to work closely with the school council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We aim to be judged at least good in all school inspections by ensuring that standards for all pupils are higher than schools of a similar size and that standards continue to improve faster than the national trend.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that are connected with this policy.

Aims

- To create an ethos that makes everyone in the school community feel valued and respected.
- To promote good behaviour by forging sound working relationships with everyone involved with the school.

- To maintain consistency in applying this policy.

We believe that all children have the right to be safe in our society. We recognise that we have a duty to ensure arrangements are in place for safeguarding and promoting the welfare of children by creating a positive school atmosphere through our teaching and learning, pastoral support and care for both pupils and school personnel, training for school personnel and with working with parents. We teach all our children about safeguarding.

We work hard to ensure that everyone keeps careful watch throughout the school and in everything we do for possible dangers or difficulties. We want all children to feel safe at all times. We want to hear their views of how we can improve all aspects of safeguarding and from the evidence gained we put into place all necessary improvements.

Equality Impact Assessment

Under the Equality Act 2010 we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation.

This policy has been equality impact assessed and we believe that it is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this school.

Race Disparity Audit

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

Monitoring the Implementation and Effectiveness of the Policy

The practical application of this policy will be reviewed annually or when the need arises by the coordinator, the Headteacher and the nominated governor.

A statement of the policy's effectiveness and the necessary recommendations for improvement will be presented to the governing body for further discussion and endorsement.

Addendum

We are aware that Ofsted have updated their School inspection handbook. We have in place awareness training for all school personnel and governors that covers the contents of the handbook.

The headteacher will be aware that the 'behaviour and attitudes judgement considers how leaders and staff create a safe, calm, orderly and positive environment in school and the impact this has on the behaviour and attitudes of pupils.' The inspectors will be looking for:

- a calm and orderly environment in the school and classroom, as this is essential for pupils to be able to learn;
- the setting of clear routines and expectations for the behaviour of pupils across all aspects of school life, not just in the classroom;
- a strong focus on attendance and punctuality so that disruption is minimized;
- clear and effective behaviour and attendance policies with clearly defined consequences that are applied consistently and fairly by staff;
- pupils' motivation and positive attitudes to learning as important predictors of attainment;
- a positive and respectful school culture in which staff know and care about pupils;
- an environment in which pupils feel safe, and in which bullying, discrimination, sexual harassment, sexual abuse and sexual violence (online or offline) are not accepted and are dealt with quickly, consistently and effectively whenever they occur;
- effective behaviour policies in place regarding harmful sexual behaviour which include details of appropriate sanctions.
